

Litigation & Disputes Resolution

We always prioritise our clients' best interests, crafting the most effective strategies to resolve disputes to their satisfaction. We are committed to finding the most advantageous solutions, whether through amicable settlement, mediation, arbitration, adjudication and/or court action. We strategise to obtain leverage for our clients, whatever their circumstances, and see opportunities where others do not.

Our team, made up of experienced practitioners, analyses each case, proactively anticipating and addressing issues during the dispute resolution process. We never litigate or arbitrate for the sake of it. We help our clients to avoid disputes as much as resolve them.

We have both deep expertise in the local market as well as serve international clients worldwide by leveraging our global networks. Our association with Allbright Law Offices enables us to assist with cross-border matters involving the PRC. We are a founding member of INTERLAW, a network of leading law firms worldwide.

Our team members include lawyers qualified in various jurisdictions, including Hong Kong, PRC, England and Wales, New York and New Zealand, and fluent in multiple languages, such as English, Korean, Japanese, Mandarin and Cantonese.
